

Stainless Steel Component for High Vacuum Science and Technology

Heavy Duty Clamp

- Material: SUS304
- Size: NW25~NW50
- Special design is available.

Clamp Chain

- Material: Aluminum
- Size: ISO63~ISO160

Centering with Viton O-Ring

- Material: SUS304
- Size: NW16~NW50
ISO63~ISO160
- Special design is available.

Flange, Cap & Claw Clamp

- Material: SUS304
- Size: NW16~NW50
ISO63~ISO160
- Special design is available.

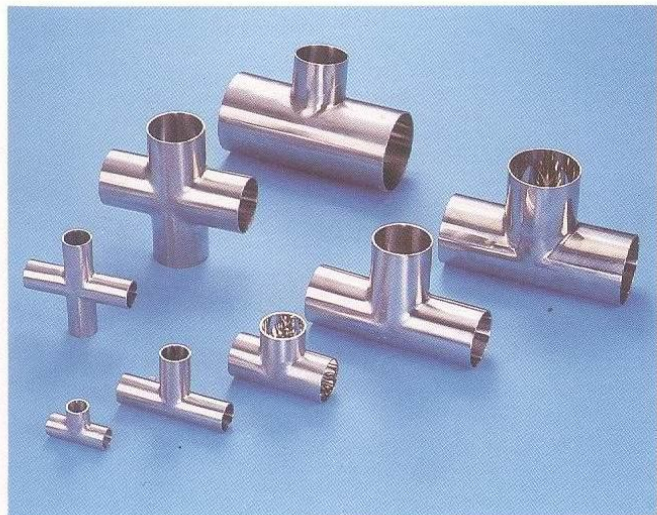

Concetric Reducer

- Material: SUS304
- Size: 1 1/2" × 1" ~ 4" × 3"
- Option: 180 grit polish, I.D. and O.D.
- Special design is available.

Elbow & Bend

- Material: SUS304
- 45° and 90°
- Size: Elbow: 1"~6", 1.5R
Bend: 1"~4", 1.5R
- Option: 180 grit polish, I.D. and O.D.
- Special design is available.

Tee , Cross & Reducing Tee

● Material: SUS304

● Size: Tee: $\frac{3}{4}$ " ~ 4"

Cross: 1" ~ 4"

Reducing Tee: 1 $\frac{1}{2}$ " ~ 4"

● Option: 180grit polish, I.D. and O.D.

● Special design is available.

Bellow

● Material: SUS304

● Size: NW16 ~ NW50

NW63 ~ NW100

ISO80 ~ ISO160

● Any length is available.

Vacuum Valve

● Material: SUS304

● Manually Operated Valve

● Pneumatically Actuated Valve

● Angle, In-Line, Angle-In-Line
Tee & Straight-Through Valve

● Viton Seal

● Size: $\frac{3}{4}$ " ~ 3"

● Special design is available.
